

Nokia 1100b RH-36 Keypad Replacement

Allows you to remove the keypad from your Nokia 1100 for easy cleaning or replacement.

Written By: JSwan

INTRODUCTION

This guide will lead you through the steps needed to remove the keypad in your phone.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Front Cover

- Firmly grip the back of the casing.
 - Separate the front and back casings either by pulling them apart from the middle or gently prying the front off with your fingers from the bottom.
- ⚠ Be sure not to bend the casing too much when prying from the bottom. Failure to do so may cause it to crack.

Step 2 — Keypad

- Using the flat end of the spudger, push out the 4 rubber tabs on the back of the keypad to remove it.

To reassemble your device, follow these instructions in reverse order.
